

2026 Company Profile

KAHA5 Company Limited

Powering Industries Through
Natural Resources

KAHA5 Company Limited is a dynamic and fully registered mining and mineral export company operating in the United Republic of Tanzania. Established on 26th September 2024, the company is committed to delivering high-quality mineral products to both local and international markets while ensuring full compliance with national laws and international industry standards.

Who We Are & What We Do

KAHA5 Company Limited is a fully registered and licensed mining and mineral export company based in Dar es Salaam, Tanzania. Established in 2024, we are committed to responsibly extracting and supplying high-value minerals to industries both locally and internationally. Guided by professionalism, integrity, and sustainability, KAHA5 has quickly positioned itself as a trusted partner for businesses seeking quality minerals and reliable service.

Our operations span the entire mineral value chain, from exploration and extraction to processing and export. We conduct detailed geological surveys to identify high-potential mineral deposits and employ modern mining techniques that are efficient, environmentally responsible, and fully compliant with national regulations. Through careful processing and value addition, we enhance raw minerals to meet international standards, ensuring that our clients receive products of the highest quality.

In addition to mining and processing, KAHA5 Company Limited manages the export and supply of a diverse portfolio of minerals, including Bauxite, Graphite, Copper, Gold, Silica Sand, Tin, Wolfram, Red and Green Aventurine, Granite, Limestone, and Soda Ash. We also provide consultancy services, offering expert guidance on mineral sourcing, investment opportunities, and industry insights to help clients make informed decisions. Our logistics and transportation systems guarantee the safe and timely delivery of minerals from the mining site to the client, whether for domestic use or international export.

At KAHA5, we are Powering Industries Through Natural Resources. Our mission is to transform Tanzania's mineral wealth into global opportunities by combining expertise, reliability, and sustainable practices. We are dedicated to contributing to economic growth, community development, and the responsible utilization of natural resources, making us a preferred partner in the mining and mineral sector.

Our Mission

To responsibly explore, extract, process, and supply a wide range of high-value minerals to local and international markets, while contributing to sustainable economic growth, community development, and environmental stewardship. We are committed to delivering exceptional quality products and services, fostering strong partnerships, and creating long-term value for our clients, stakeholders, and the communities in which we operate.

Our Vision

Our vision is to become a leading and trusted mining and mineral export company in Africa, renowned for operational excellence, reliability, and ethical business practices. We aim to set industry standards through innovation, sustainability, and professionalism, transforming Tanzania's rich mineral resources into global opportunities while promoting responsible and sustainable development.

Our Core Values

Safety First

At KAH5 Company Limited, the safety of our employees, partners, and communities is our top priority. Every mining, processing, and logistics operation is conducted under strict safety protocols to prevent accidents and protect lives.

Quality

KAHA5 is dedicated to delivering minerals and services of the highest standards. From exploration and extraction to processing and export, our processes are rigorously monitored and continuously improved.

Innovation

We embrace modern technology, innovative methods, and industry best practices to improve efficiency, productivity, and value creation. KAH5 continually invests in research, modernization, and creative solutions, ensuring we remain a forward-thinking leader in the mining and mineral export industry.

Integrity

We conduct all aspects of our business with honesty, transparency, and ethical practices. Our commitment to integrity ensures trust and credibility with clients, partners, employees, and the communities we serve.

Sustainability

We prioritize environmentally responsible mining and processing practices, protecting natural resources and promoting long-term ecological balance. By minimizing environmental impact, preserving biodiversity, and promoting sustainable resource use, we ensure that Tanzania's mineral wealth benefits both current and future generations.

Customer Focus

Our clients are at the heart of everything we do. We strive to understand their needs and deliver solutions that exceed expectations. By maintaining strong communication, reliability, and personalized services, we cultivate long-term partnerships and ensure consistent satisfaction.

OUR SERVICES

01 Mineral Exploration & Surveying

We conduct comprehensive geological surveys and mineral exploration to identify high-potential deposits, using modern technology and industry expertise to ensure accurate and reliable resource evaluation.

02 Mining Operations

KAHA5 engages in efficient and environmentally responsible extraction of minerals, ensuring compliance with national regulations, international standards, and best practices for safe and productive mining.

03 Mineral Processing & Value Addition

We provide processing services including cleaning, sorting, grading, and refining to enhance the quality and value of raw minerals, ensuring they meet international standards for local and export markets.

04 Export of Minerals & Metal Products

Specializing in international trade, we handle all export procedures professionally, ensuring regulatory compliance, secure logistics, and timely delivery of high-quality minerals and finished metal products to global clients.

Our Mineral Portfolio

KAHA5 Company Limited is actively involved in the mining, processing, and supply of a diverse range of high-value minerals for local and international markets. Our portfolio reflects our commitment to quality, reliability, and sustainable resource management, catering to various industries including manufacturing, construction, energy, technology, and jewelry.

Our Target Markets

01

Local Manufacturing Industries

We supply essential minerals to Tanzanian manufacturers for use in construction, metal fabrication, ceramics, glass production, and other industrial processes. Our products help clients optimize production efficiency, reduce operational risks, and contribute to the growth and sustainability of domestic manufacturing sectors.

02

Construction & Infrastructure Companies

Providing high-quality raw materials such as granite, limestone, silica sand, gypsum, and heavy mineral sands to support residential, commercial, and large-scale infrastructure projects. Our minerals are used in roads, bridges, airports, industrial facilities, and public buildings, ensuring durability, compliance, and project success.

03

International Mineral Traders

Exporting premium minerals and metal products to global trading partners, including distributors, wholesalers, and commodity markets. We guarantee consistent quality, regulatory compliance, and efficient delivery, establishing KAHAS as a trusted supplier in international markets.

04

Metallurgical & Foundry Sectors

Delivering high-grade ores such as bauxite, copper, wolfram, tin, and nickel to smelters, foundries, and metal processing plants. Our minerals are suitable for refining, alloy production, and other industrial applications that demand reliability, purity, and consistency.

05

Energy & Technology Industries

Supplying critical minerals including graphite, nickel, and silica to industries engaged in battery production, electronics, renewable energy technologies, and other high-tech applications. Our products support innovation, sustainable energy solutions, and technological advancements worldwide.

06

Jewelry & Gemstone Market

Serving both local and international gemstone traders with high-quality red and green aventurine, decorative stones, and semi-precious minerals. Our minerals cater to jewelers, artisans, collectors, and designers who require premium quality for jewelry, ornamental designs, and specialty crafts.

07

Government & Institutional Buyers

Partnering with public agencies, parastatals, and other institutions for strategic mineral procurement, infrastructure development, and national projects. We provide reliable supply chains, full regulatory compliance, and professional support to ensure project success and sustainable economic development.

Why Choose us

KAHA5 Company Limited stands out as a trusted and professional partner in the mining and mineral export sector, combining reliability, extensive industry expertise, strict adherence to quality standards, sustainable and environmentally responsible practices, client-focused solutions, and full compliance with ethical, legal, and international trade requirements. Our commitment to excellence, innovation, and long-term value creation ensures that every client, partner, and stakeholder experiences consistent satisfaction.

Dependable Delivery

KAHA5 ensures the timely and consistent delivery of minerals and services through a well-structured logistics and supply chain system. Our clients can rely on us for safe, efficient, and on-schedule delivery, even for large-scale, complex, or high-volume orders. We continuously improve our operations to minimize delays and maximize client satisfaction.

Industry Expertise

Our team comprises seasoned professionals with extensive experience in mining, mineral processing, and international export markets. We provide strategic guidance, innovative solutions, and technical support to help clients optimize value, streamline operations, and achieve operational excellence in a competitive global marketplace.

Commitment to Quality

KAHA5 implements rigorous quality control at every stage of operations, from exploration and extraction to processing, packaging, and export. By adhering to international standards, industry best practices, and continuous improvement programs, we ensure that our minerals consistently meet or exceed client expectations.

Sustainable Practices

Sustainability and environmental responsibility are at the core of our operations. We adopt eco-friendly mining and processing methods, minimize ecological impact, and actively support community initiatives that promote education, health, and social development, thereby contributing to long-term community and environmental well-being.

Client-Centric Approach

KAHA5 places the needs of clients at the center of its operations. We offer personalized solutions, maintain transparent and responsive communication, and cultivate long-term, mutually beneficial relationships built on trust, reliability, and consistent satisfaction.

Compliance & Integrity

Fully licensed, legally compliant, and ethically managed, we operate with transparency and accountability. Our strict adherence to national regulations, international trade requirements, and ethical business practices provides confidence and peace of mind to clients, partners, and stakeholders alike.

Long-term Aspirations:

KAHA5 Company Limited aims to establish itself as a leading and globally recognized mining and mineral export company, setting industry benchmarks for quality, sustainability, and operational excellence. We envision expanding our mining and processing operations across multiple regions in Africa, diversifying our mineral portfolio, and adopting advanced technologies to enhance efficiency, productivity, and value creation. Our goal is to consistently meet international standards, positioning ourselves as a preferred supplier in global mineral markets.

We are committed to building strong and mutually beneficial partnerships with local communities, government agencies, and international clients. By promoting sustainable economic growth, social development, and local employment opportunities, we aim to create lasting positive impacts in the areas where we operate. KAHA5 actively supports community development through education, vocational skills training, and infrastructure initiatives that empower local populations.

Sustainability and responsible business practices are central to our vision. We invest in environmentally friendly technologies, workplace safety programs, and ethical operations to ensure that our growth benefits both people and the planet.

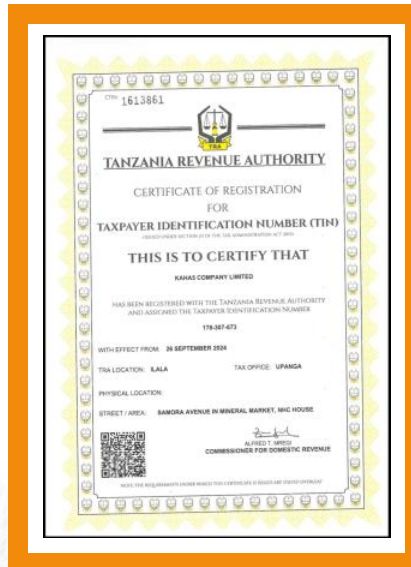

Through these efforts, KAHA5 strives to maintain a legacy of trust, innovation, and operational excellence, solidifying its reputation as a reliable, responsible, and forward-thinking leader in the mining and mineral export sector.

Our Compliances and Legal Standing

KAHA5 Company Limited is fully registered and licensed under the Companies Act, 2002 in the United Republic of Tanzania and operates in full compliance with national laws and regulations, including tax obligations with the Tanzania Revenue Authority (TIN). We adhere strictly to mining industry standards, workplace safety protocols, and environmental laws, ensuring responsible and sustainable operations. Our commitment to legal compliance, transparency, and ethical business practices provides clients, partners, and investors with confidence in the integrity and professionalism of all our operations.
